

MAPLE LEAF DIAMONDS™

BRIDAL COLLECTION

A romantic couple in white clothing embracing on a beach at sunset. The man is lifting the woman, and they are both looking towards the ocean. The scene is bathed in the warm, golden light of the setting sun, with waves breaking in the background.

❖ MAPLE LEAF DIAMONDS™

Maple Leaf Diamonds™ are mined in the pristine land of Canada's Northwest Territories. Such unique stones are formed deep within the heart of the Canadian north, emerging as beautiful, one of a kind treasures. As such, they are some of the most highly prized diamonds in the world.

Each diamond is laser engraved with the Maple Leaf insignia ❖ and a unique tracking number. Every single one of these skillfully cut diamonds comes with a certificate of authenticity, ensuring complete Canadian origin.
