CERTIFIED
GOLD

For your guarantee of Canadian origin, look for the Canadian Certified Gold insignia  stamped on the product as well as the accompanying tag. The fine gold used in the fabrication of Canadian Certified Gold product is certified as .9999 pure Canadian Gold. An entirely original system of tracking the gold during the mining and refining process was created to achieve this. This innovative technique allowed the fine gold to be refined to a .9999 purity while still ensuring complete Canadian origin.
